EUCLIDIAN

Hail to thee, O Euclid High School
To thy name all praise we sing.
Happy days of youthful pleasure,
Learning, living, life so dear.
Our hearts fill with gratitude
For all that is to be;
Alma Mater Euclid High School,
All our praise we sing to thee.

Where the blue of Erie's waters
Casts the sun's bright golden rays,
There all Euclid's sons and daughters
Sing the joys of student days.
If after days be dark and drear,
And storms of life draw nigh,
The memories of our friendships here
Will lift our hearts to Euclid High.

"Lordy, Lordy, Euclid's 40!!"

'89-'90 marks 4 decades of excellent education

8,000 Inspect New High School Find It Okeh

"Wonderful, splendid, gorgeous, out of this world"—and thousands of other adjectives were heard as some 8,000 or more citizens strolled through the massive new Euclid Consolidated senior high school Tuesday night at an "Open House Inspection".

Except for a few classrooms, the swimming pool and gymnasium, most of the new structure was open to the public.

Among the alumni set, one of the most frequent expressions heard was "gosh, we never had anything like this—wish I was back in school again."

The way the crowd acted, the most popular section of the building was the swimming pool, as a steady stream of humanity peeked in at something entirely new in Euclid.

Besides the many words of praise there were complaints. And the biggest beef was the lack of maps or guides. Getting lost in the structure was no problem at all.

There are a few odds and ends that remain before the building is fully completed. At least another month's work or more is expected in the auditorium before it is available for programs.

The feminine set was especially attracted to the home economics department and the well equipped kitchen of the school cafeteria.

The school, without a doubt, is super-colossal and now it's up to the students to keep it looking ship-shape.

According to Superintendent of Schools, Russell H. Erwine, an official dedication program will be held sometime in October when every nook and corner of the school is fully completed.

As the 1990's were ushered in, Euclid Senior High celebrated its 40th birthday. On September 7, 1949 Euclid opened its doors to begin its excellent education. As you may tell from the newspaper clippings, the building's initial reviews were mixed like cake batter. Citizen "inspectors" hailed at its beauty, but much like the usual freshman, they complained about how big it was and how easy it was to get lost in it. The building began in the basic "E" shape when it opened. However, as the enrollment increased the E-Room and cross corridor were added and in 1969-70, the boy's gym, boy's pool, indoor track, little theater, and planetarium were added. With the first 4 decades behind it, here's a toast to another 40 years of excellence.

Many School Officials Visit New Hi School

On Friday, April 29th Superintendent Donald G. Somers, of Zanesville, brought a delegation of twelve members of his high school staff to Euclid to inspect the new senior high school. He was accompanied by Franklin R. Outcalt, of Outcalt, Gunther and Associates, who are architects for the Zanesville Board of Education. The teachers accompanying Superintendent Somers were the heads of departments in English, Social Science, Physical Science, Industrial Arts and Household Arts. As they inspected the building they made

detailed notes to assist them in drawing up their own recommendations to the architects employed by the Zanesville Board.

Earlier in the week the building was inspected by a number of superintendents from the larger suburbs. Superintendent Frank Wiley, of Cleveland Heights; Superintendent William Slade, Jr., of Shaker Heights; Dr. O. J. Korb, of East Cleveland; Superintendent Martin Essex, of Lakewood and Superintendent Thoburn Davis, of Rocky River. On this inspection tour the suburban superintendents were accompanied by Architect Harry Fulton and Associate Architect Ben Krinsky, as well as Mr. Frank Mills, Business Manager of the Euclid Board and Superintendent R. H. Erwine.

Parents Protest As Pupils Are Shifted; Enrollment Higher

Euclid's six school buildings and three supplementary schools were crowded to capacity on opening day Wednesday. Enrollment the first day was 6,251 against 6,134 a year ago.

One of the big surprises was a drop of 28 in the Senior High School enrollment, but this is expected to be overcome within a few days. Last year on the first day there 208 pupils compared to 570 Wednesday.

The number of kindergarten pupils also dropped 88, from 876 last year to 798.

Increases were in grades one to six, from 3178 to 3278, and in grades seven to nine 1073 to 1205.

A great many pupil shifts were necessitated this year to take advantage of additional space at Central and Shore due to the opening of the Senior High School.

Sixth grades from Noble have been shifted to Central and Shore. Sixth grades from Roosevelt have been sent to Central. The sixth grade and one Fifth grade from Upson have been shifted to Central.

Some Upson parents think Central is a long way and a bus transfer for the Fifth graders but it is believed it will work out satisfactorily. The Board of Education will have to provide transportation for pupils sent more than two miles from their homes.

Superintendent Erwine said late Wednesday that he is studying this Fifth grade shift and he will send them back to their own school district if found possible after things settle down.

As was the case last year supplementary classes have been opened in three non-school buildings. A church on East 260th St. near Upson School houses a kindergarten; and a community building in Lake Shore Village and Euclid Homes houses both kindergarten and first grades.

These additional facilities were welcomed last year by parents as they provided school facilities for the youngsters close to their homes.

Indications are that there will be considerable increases in the enrollment before the end of the year, as there will be a large number of homes and apartments completed in various parts of Euclid before that then.

For comparison here is this year's and last year's enrollment buildings;

	19	19
Central	1407	1062
Shore	1787	1630
Noble	929	872
Roosevelt	1007	860
Upson	941	864

Student Life

At Euclid High School, students had the opportunity to enjoy a variety of activities. During the school day, students attended class conducted by our excellent faculty. After school, many participated in extra-curricular activities such as clubs, sports and other organizations which added to the excitement of high school life. Life at Euclid High School was a rewarding experience.

Team crushes North to begin successful weekend.

The Homecoming festivities began on October 6, 1989, with the introduction of the candidates for the Homecoming court. Though it was cloudy, the only wash-out at the game was the Panthers' 56-21 victory over visiting North. Robert Smith led the statistics with six touchdowns and 303 yards. Also scoring in the first half for the Panthers was Ricky Smith. North managed only two first-half and one second-half touchdowns against the awesome Panther defense despite an onside kick early in the game that led, alas, poor North, to no Ranger points. Patrice Ward put the icing on the cake with a third quarter touchdown. The Homecoming court was announced at half-time by Student Council President Lee Swope and Vice Presidents Sharon Billi and Beth Brickman. After the game's end Mayor Lynch talked to the fans and Mr. Antonini introduced the inductees to the high school's sports hall of fame. The evening's festivities ended with a fireworks display. The great victory put everyone in a great mood to enjoy the dance the next night.

Student Council once again created a special evening for our students as the Homecoming dance was held on October 7. About 400 couples spent the evening with close friends or that special someone. The balloons and colorful decorations that filled the E-room proved that "All that Glittered" was indeed "Blue and Gold." Reigning over the dance was sophomore attendant Angie Collins and the Junior attendant was Coleen Bradach. The first runner-up for Queen was Jennifer Dudziak while the second runner-up was Pam Little and our 1989 Homecoming Queen was Toni Chiudioni. The music for the dance was provided by a live band playing many of the popular songs we all knew. The students attending this year's Homecoming all seemed to agree the evening was a huge success!

Fright Night

So Hip, So Hot

Euclid students strut teen stuff

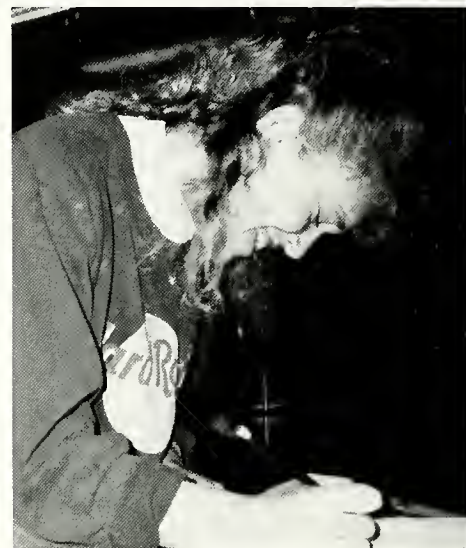

During the 89-90 school year, fads and fashions did not seem to have changed very much. We wore sweaters, sweatshirts, jeans, baggie pants, t-shirts and long skirts. College wear also seemed to have been worn by many this year. Decorative crests made a popular entrance this year on shirts, shoes and sweaters this year. Some wore what they liked and felt comfortable in while others wore what was socially acceptable to friends.

Hairstyles seemed to also remain the same. The guys had short hair, spiked and even long hair. For the girls, though the straight look seemed to have come back in, but some kept the wavy and curly look.

But all-in-all, fads and fashions did not take a drastic turn.

Probably the most important question for students this year was, "Where can I get some money?" Well, if you can go to Mommy or Daddy for money everytime you need it, you would have no problem. But for the large majority, you might have to take your lazy butt away from the television and get a job!

Many students at Euclid had a job to earn some extra money for college or to spend. Most worked at Dave's, Bernie Shulman's, the mall or a variety of other places. By students having a job, they learned some responsibility and the value of a dollar. There was, of course, one small problem encountered by the students- Mommy and Daddy cut them off and they never saw another cent from them.

I hope that this lesson has helped you in your decision to work. If you are working now, good luck! If not and you're looking, happy hunting!

Student Council's annual Valentine Ball

First runner-up for Queen, Laura Montagner and her date Greg Brokaw, second runner-up Tammy Curtis and her date Ron Chandler and third runner-up, Chris Valencic and her date Jim Quirarte.

It was a night of dinner, dancing and dapper individuals. "Victorian Valentine" was the theme for the evening's festivities on February 10, 1990-more widely known as Valentine's Ball or Winterfest. Once again, lovingly planned by Student Council, the annual semi-formal dance was an enjoyable time for all-so long as their dates didn't dump them at the end of the evening.

And what would Winterfest be without its royalty? The omnipresent Court Dance crowned Angela Perry the Winterfest Queen and Brendan Kelley the Winterfest King. Laura Montagner, Tammy Curtis and Chris Valencic comprised the Attendants circle while John Little, Bill Castrovine and Eric Kuhen were named the runners up for King.

When it was all over and done, everybody said their goodbyes, took their pictures, and collected their souvenir pot-pourri. The night went well for all, but the dance sent everyone scrounging for money the next day to buy gifts for Valentine's Day four days later.

Writing to running, student government to starring roles, activities play a major role in high school life. Whether an escape from school work or a hobby, anyone can find his/her niche in the many activities available here at Euclid. Extracurriculars give a student an identity apart from the generic adolescent who spends his/her evenings munching on stale tortilla chips while memorizing every episode of "Sanford and Son" in order. The active person gets satisfaction from his/her work when the final product is achieved; for example, the very book you are reading right now. Activities prepare you for life while meeting people you have things in common with. So find your walk of life by choosing an activity stroller so someday you can strut in success.

Under New Direction

Marching Band enters new era with new director

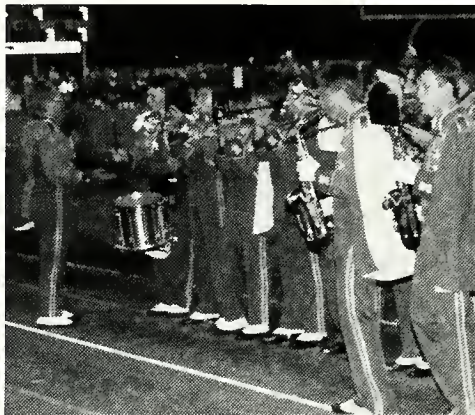

This year, under the new direction of Mr. Stephen Alspaugh, the marching band really went places. For instance, they travelled to Vermilion, Ohio for their annual Woollybear festival where they received a trophy. They also went to the Bay Village Band Festival where they received high marks. Euclid also hosted the G.C.C. band festival for the bands around Greater Cleveland. The band played during the halftime ceremonies at all of Euclid's regular football games and also during the two playoff games with Shaw and St. Ignatius. Before the St. Ignatius game they also played for the Baldwin Wallace vs. John Carroll football game. The marching band season ended with an appearance in the Cleveland Christmas Parade.

Marching and Twirling

Majorette routines had a lot of kicking and marching

This year's Majorettes were led by co-captains Lisa Riedel and Jennifer Beck. They performed during the football and basketball season. They also led the band in parades and also participated in the Wooleybear festival in Vermillion. This charming group was made up of seven lovely ladies who were devoted in every way. The girls did their job well, spinning their batons and showing off their new uniforms.

Because Flag Corps had only ten out of a necessary thirteen members, the captains Jennifer Krasnik and Cathy Glenn had to work hard to achieve a good squad. Everyone worked hard and as a result they grew closer together. This season included performances at the Bay Village band festival and the marching band contest in Sandusky. They marched at the Woollybear Parade in Vermillion and the Cleveland Christmas Parade downtown. They also performed at the two basketball games in their post season.

The Flag Corps routines consisted of synchronized movements of the flags and dances with the marching band and the majorettes.

The Best Of Band Music

Symphonic Band produces high level sounds

Symphonic Band by definition were the elite players. To get in, students had to try out. It numbered less than half of the concert band and didn't have as many different instruments but they still produced a full sound. There was always the possibility of being challenged so once a student got in that didn't mean they would be there permanently. Trips were planned to the middle schools and the elementary schools as well as some Catholic schools. The students gained a lot of respect and appreciation for music that would help them in future years.

After the football season came to a close, some of the members of Marching Band joined the Concert Band.

The Concert Band, directed by Mr. Stephen Alspaugh, gave its members the chance to learn and improve their musical skills by practicing daily and performing in the two annual concerts held just before winter break and in the spring.

As usual, the Concert Band got off to a shaky start, but with work and practice, the musicians were able to get closer to attaining a position in the Symphonic Wind Ensemble.

Music To Your Ears

Orchestra plays up to its talent

A euphonius harmonic sound penetrates the auditorium.

The light shines on the instrumentalists holding the stage.

The orchestra captures the eyes of the intent beholders.

First come the strings who carry the character as mellowness of orchestral sounds into a unified melody. The violins sing with silver toned high notes accompanied by the low strums of a cello.

The woodwinds follow along with the strings in moving the tones with flutes, clarinets, and oboes.

Brass stands there behind with trumpets to declare the execution of a score.

Let us not forget the percussion who beat, twang, and bop their voice into the movement.

All harmonize together with the director, Miss Hollowell, in exercising the songs. Whether is be concerts or pop the orchestra (band of misfits) pulls together for a performance the audience can never forget.

222 Street Jazz

The jazz sound has new name for '89-'90

The Jazz Band in full swing, no pun intended.

A darkened stage. Complete and utter silence. Tension so thick you could cut it with a chainsaw. Suddenly, light stabs through the darkness like a low budget slasher film. A voice booms across the entire auditorium: "Ladies and Gentlemen. Two Twenty Second. . .Street. . .Jazz!" Thus begins another amazing performance by Euclid High's one and only Jazz Band!

This year was an exhilarating year for 222 Street Jazz. Under the guidance of Mr. Stephen Alspaugh (Mr. A to all his students) the band went through a name change (formerly "The Euclid High Stage Band"), a uniform change (to a funkier, more casual look), and a 180 degree turnaround in music. While in previous years the band was known for older Big Band classics, this year's 222 Street Jazz was breaking new ground

with contemporary, soon-to-be-well-known, more modern pieces. A tour of West Virginia occurred in the spring (ranking up there with the Rolling Stone's "Steel Wheels" tour). With a little luck and a lot of hard work, 222 Street Jazz will be on the forefront of modern jazz for a long, long time.

Singing Together

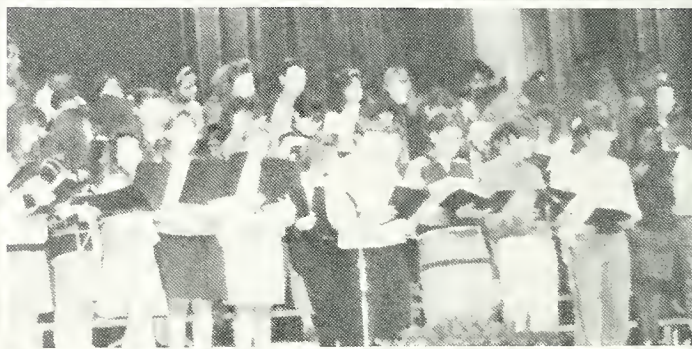

Raising voices on high

Choral Masters was made up of 55 to 65 students who met everyday first period in the Choral Room. In order to become a part of Choral Masters, students had to be chosen from the Mixed Chorus, an introduction to choir and the world of singing.

Choral Masters performed two concerts during the school year, one in the winter near Christmas and another in the spring. The members put their full effort into these concerts in hopes of creating very entertaining shows. All enjoyed themselves and felt proud to be a part of that group.

Choral Masters was taught by Mr. Newell who took over for Mr. Godfrey after he left at the end of last school year.

Through the years Euclid's Varsity Chorale has been directed by Mr. Godfrey. But now thanks to Mr. Godfrey's departure, the new director, Mr. Paul Newell got his chance to shine in the spotlight. Mr. Newell is a talented singer and teaches the kids the right note.

This past year Varsity Chorale, VC, consists of 13 girls and 10 guys. The officers for this past year: President - Jenny Mason, Vice-President - Jeff Syrone, Secretary - Jill Enneper, and Treasurer - Jason Goodman.

Varsity Chorale each year goes on a trip across the country, Canada, or even Europe. Usually they compete with other choirs and they perform at numerous other places along with way. Mostly, these trips are one week right after Spring Break. New Orleans, New York, and Disneyworld are some of the places they go to. This year they went Toronto but did not compete, they just performed. Also VC performs across the city and the suburbs.

Even though the trips are fun and the performances are great it all takes a lot of practice. Every Monday night and sometimes after school there is practice. It takes a lot of practice and preparation. So if you want to be entertained come down and see Euclid's Varsity Chorale.

Jump And Shout

Football cheerleaders keep the spirit up

Cheerleading was one of the most exciting sports to get involved in. There were so many things to do as a cheerleader.

First of all, you had to try out for cheerleading. There could be more than 40 girls trying out. There was a lot of competition. Judges looked for neatness, loudness, stiffness, and of course lots of smiles.

After tryouts, they got to meet the other girls on the squad. Usually there were 10 to 12 girls.

Then there was practice. Some practices lasted about 1 to 2 hours. At practice they learned cheers and chants. They were also taught a dance routine. Most cheerleading squads had dance routines.

The most exciting part of cheerleading was going to camp. At camp, they learned up to 10 cheers and chants. They got to meet a lot of other cheerleaders from other schools. All together they spend about \$120.00 each on camp but all in all it was worth all the money.

Mrs. Yuhas was the Varsity Cheerleading coach and Joanne Kozalo was the J.V. coach. Jennifer Dudziak was the Varsity captian while Bridgette Negrelli was the co-captian.

Basketball season was the most exciting season for the cheerleaders since it was the longest. There were approximately twenty-one games that the girls cheered at.

Cheering for basketball was very enjoyable since the games were inside and the girls did not have to worry about the weather. There was an opportunity to visit a wide variety of schools.

The games did not last very long since there were only eight minute quarters. Unfortunately, there was usually a Varsity and a J.V. game played one after another and the cheerleaders were usually there for both so the nights were long.

The girls practiced one day a week for about two hours after school. The Varsity was coached by Karen Yuhas. The Captain was Chris Valencic and the co-captain was Jennifer Masley.

There were many clubs and activities for Euclid High students and this year a new one was added. Co-Founders Lisa Hunt, Shannon Kelly and Kevin Vance decided Euclid High should start doing its part in ending drunk driving. They and other interested students formed the Euclid chapter of Students Against Driving Drunk. Through its fundraisers and the funds raised, S.A.D.D. broadcasted its message of "Be Smart. Don't Drink and Drive." This group is a great addition to Euclid High. Its goal is to prevent any Euclid student from dying as a result of being a drunk driver or an innocent victim of one. Officers for the 1989-90 year were: President, Shannon Kelly; Vice President, Kevin Vance; Secretary, Todd Dietzel; Treasurer, Lorena Orbanic; Publicity Director Lisa Hunt. This year's Cultural Committee had to deal with many changes because of the loss of their advisor Mrs. Carroll. Their new advisor, Miss Houchins, helped them to adjust. They sponsored the blood drive, performed the Martin Luther King Jr. play, Amateur Night at the Apollo and put on a fashion show.

D.E.C.A. (Distributive Education Clubs of America) was the student run club that coincided with Euclid's Marketing Education class. Euclid's program was designed for juniors and seniors who were interested in a career in marketing and management. In their junior year, the students attended classes and studied the stock market, business finance, marketing research and many other business related fields. Seniors spent part of their day in school learning about everything from job interviewing, to advertising and sales. During the remainder of the day they were employed in retail establishments within the Euclid area in a variety of retail, wholesale, or service establishments. In D.E.C.A., students competed against other high school students on the local, state and national level in areas related to their career interest. Mr. Presot was in charge of the organization.

Good Morning Euclid Panthers...

P.A. announcers get the day started

Good morning Euclid Panthers!" was the familiar way that Euclid students started their day. The P.A. announcers brought us our daily news in their creative way. They were seniors who were picked from students who tried out at the end of their junior year. They have their own homeroom and their job is to present the announcements each morning. It was a fun job and gave the students an opportunity to improve their speaking skills. "This concludes the morning announcements and...have a loquacious day!"

Have you ever needed help in one of your subjects, but felt there was nowhere to turn? Since teachers are usually too busy to help, the next logical place to go is to your friends. This is where Peer Tutors comes in. It is a group of students who volunteer their time to help other students with their school work.

Miss Spiga, the system's advisor, matches up the tutee, or the student who needs help, with a tutor (recommended by one of your teachers) who has a study hall or can stay after school. The tutor works with the tutee in three week sessions. Hopefully in the end, the tutee understands his work better, and the tutor has gotten a taste of what it is like to be an actual teacher.

Left behind after school to perouse the adventures and mysteries of previous lives and present lives, the Library Aides did their work. Stocking and filing volumes of books, they worked diligently. The Dewey Decimal System was their number one friend. Pages of information ran through their fingers. Their minds picked up ideas never usually thought of. Wheeling carts here and there, a smile of satisfaction emerged from their faces. New relationships were formed with the Librarians and a new respect for them formalizes. A huge "Thank You" should come from the Staff and the students of Euclid High to them.

Backwards Winter

Ski Club found that winter came at the wrong time

The winter of 1989-90 seemed to be constructed backwards. The fall was sunny and nice and then the week before Thanksgiving it started snowing. It snowed on Thanksgiving and the weather remained cold throughout December with record setting, subzero temperatures. It snowed on Christmas day. Unfortunately, as the new year entered, the temperatures warmed and January thawed. Ski Club started skiing when school began after winter vacation but with the warming temperatures they missed several sessions due to melting conditions.

Ski Club consisted of twenty-eight enthusiastic students who wanted to learn how to ski and to enjoy skiing. They skied on Thursday evenings at Boston Mills Ski Area. Most of the members had never skied before but lessons were provided for anyone who needed them.

This year's club was the smallest in more than two decades. In three years the membership dropped from more than 110 to the present 28. At that rate there will probably not be enough people to have a club for the 1990-91 season. It would be a shame that a sport as popular as skiing may die out at Euclid High School.

Future Politicians

Students learn about our nation's government

The Close-Up Program at Euclid High School was sponsored, again, by Mr. Wayne Smith. Through candy and Christmas ornament sales, the group raised money for their trip to Washington D.C.

For one week, the group explored one of the world's most fascinating cities. They visited the halls and committee rooms of government and met the men and women who influence the course of American politics. They also had first-hand experience on what was going on in America and the world.

Through Close-Up, this group gained a real-life perspective on government and a better understanding of one of the world's great democracies. They also were exposed to the many opportunities that would be opened up to them in the future.

Of course we depended on the secretaries of the school to help keep papers, files, and all types of other information organized. However, sometimes they didn't have time to do all their duties. This is where office aides showed their importance. These were students who sacrificed their study halls in order to help out in the office. They did those tasks which the secretaries didn't have time for, therefore more work is being accomplished and the more important duties were being performed first. After all, we couldn't have secretaries running around the school delivering important messages or constantly trying to locate students!

Everyone loves such a great Euclid High events as Big Show and Senior Talent Night. Even smaller ones like Fall Play and all-school assemblies aren't too bad either. Have you ever wondered how these productions manage to get off the ground with hardly a flaw? The credit goes to Mr. Allen Black and his A.V. assistants. They are responsible for coordinating the lights, sound and cues for every school production. They help ensure that things run smoothly so we can enjoy Euclid High's fabulous events. Those in Audio/Visual also deliver overheads, VCR's, TV's and movie projectors to classrooms. They are in charge of the maintenance of this equipment. The media aides are a true necessity to Euclid High School. Without them, we would not be able to use some of the learning equipment we often take for granted.

Euclidian Democracy

Student Government in action

Euclid High School, being the microcosm it is, has its' own system of government. Similar to the fortunate nations of the world, our rule is reliably democratic. However, unlike the majority of politics, Euclid's system is not corrupt.

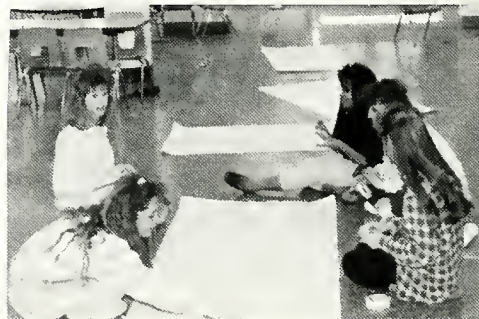

Student Council serves as an outlet for a student's say in the affairs of Euclid High School. It plans events for the school, such as dances and fund raisers, as well as for the community, its annual Senior-Senior Prom. Student Council also continued the tradition of the Holiday decorations in the cafeteria and many other worthwhile functions.

President Lee Swope and Advisor Sandi Bambic kept Student Council running smoothly all year with the help of their able officers. Once again, it provided valuable service to the school while also benefitting the entire Euclid community.

Two For The Holidays

Winter presentation consisted of two short plays

Could anyone be mean enough to kidnap Santa Claus?" and "What kind of tree will Charlie Brown get?" were the questions posed and answered by this year's Holiday Plays "Miserly Mort Meets the Toddletots" and an "Adaptation of the Charlie Brown Christmas", both written and directed by English teacher, Judith Car-

mody. Miserly Mort was mean enough but was outsmarted by his sidekick, Gloomy Gus, who kidnapped Santa from Mort. But Gus later forgot where he put Santa and had to be helped by a spell from a reformed Granny Grumbleskin and the encouragement of all the Elves and Toddletots. Charlie Brown set off to find a perfect tree so he could finally

have a happy Christmas but came back with a scrany tree that at first only he saw as perfect. Lucy, Linus, and the others finally saw the light and a happy Christmas was had.

All of the elementary school children who saw the plays enjoyed them and the candy canes they received from Santa afterwards.

Getting To Know You

AFS enables students to see other people and other lands

AFS is a nonprofit, international organization dedicated to worldwide peace through living experiences for secondary school students, young adults, and families from all walks of life. AFS offered a variety of programs. Just to name a few: year programs, summer programs, semester programs and work abroad programs were offered to choose from.

A year or a semester abroad was an opportunity to explore the world and have fun at the same time. Participants attended school and lived with a host family in any one of 56 countries. Summer programs were similar except they can choose to either live with a host family or experience group living. The work abroad program lasts eight to ten weeks. It gave them a chance to volunteer their services in the United Kingdom, Ireland, Iceland and Norway.

Host families were always needed especially here in Euclid. They were needed to host students from a couple of days to a year. You might ask yourself, why should you host an AFS student? The answer was simple. When they opened their home to a new son or daughter, they not only developed a new family relation with no boundaries, but also their own family grew from that exciting experience. It was a unique experience that enabled the family to explore the world together without leaving home.

The advisors for AFS were Mrs. Ramlow and Miss Addis.

For the past several years the chess club had been inactive. This year, Mr. Thaxton, along with several interested students decided to try to get it started again. The club mainly consisted of members who enjoyed the challenge of a good chess game. However, people who just wanted to learn to play chess were also welcome in the club. They played throughout the school year. The five best chess players competed in games against 11 other schools. The captain of the team was Chris Marcinko. With the guidance of Mr. Thaxton, all members were able to improve their chess skills while playing against their friends.

Literary Talent

Eucuyo give students an opportunity to publish works

Euclid High School has many a modest writer in its student confines. Authors, poets, and artists have one place to strut their talent-Eucuyo. Produced once a year, this literary magazine showcases some of the finest works submitted by Euclid students. A careful selection process weeded the good from the bad for this compilation of short stories, poetry, and pictures. Under the able supervision of Ms. Carmody and Mrs. Lidrbauch, the Eucuyo staff read and reread every entry with scrutiny to make the final cuts. Eucuyo was the best place for aspiring authors to have their day in the sun.

Probably the biggest publication of the year for Euclid is our very own yearbook, the Euclidian. Much work and pride goes into it every year. The advisor, Mr. Von Benken, made sure that everything ran smoothly.

As soon as the year began, pictures were taken, stories were written, and layouts were made. With five deadlines throughout the year to meet,

there was always work to be done.

As the year winds down and yearbooks are ordered, made, and passed out, you can see and remember the memories, good and bad, of the past year. Hopefully you'll remember the "little people" who put a lot of time and effort into putting together this magnificent piece of work.

Chicago has "The Tribune". Cleveland has the "Plain Dealer". And yes, like all respectable institutions, Euclid High too has its dependable source for news - the "Survey". Five times a school year, our trusty magazine kept Euclidians abreast of the gripping events within the school. Rescued from the doldrums of mediocrity of the previous year, 1989-90's editions were chock full of news from not only the school system, but from an international as well as world scope. Editors Heidi Sacko and William Castrovince assembled a top notch staff, comprised of Euclid's finest journalists to cover events with a thoughtful eye. From the introductory issue down to the Senior Scandal finale, this year's Survey battled ignorance, proving all the while the pen is mightier than the sword.

Ah, to reminisce on the days of our ill spent youth. This was the theme of this years Fall Play, a production of "Turn Back the Clock". Husband and wife, Evie (Debbie Long) and Charlie (Milton Wyley), look back to their post high school days during the struggle for Evie's hand in marriage between Charlie and Johnnie Stone (Anthony Cirino). The play retells the story of this battle along with Mr. Palmer's (Jeff Syrone) money problems, Sally Palmer's (Katie Ells) growing up, Mrs. Palmer's (Wendy Wang) good, motherly advice, and

Larry Palmer's (Bill Castrovince) girl dilemma between Maybelle (Theresa Oden) and Eileen...I mean...Irene (Lisa Hunt). Throw in a party starring the dancing of John Cindric, Holly Pirsig, Rachel Hayes, Dave Radachy, Eric Dysart, an overaffectionate Phyllis McSorley (Heidi Sacko) and the partying house maid Hilda (Kim Taylor) and you've got the makings of an enjoyable play. Under the direction of Ms. Carmody, "Turn Back the Clock" was a treat for all who reversed mother time.

Legs moving to the rhythm of the 80's

Wai Napolo's 1990 swim show featured an interesting look at the 80's through the eyes of a swimmer. The pool corridor bustled with activity as the synchronized swimmers wrote numbers, painted scenery, and practiced landwork. The dedicated girls also spent hours rehearsing in the water for the big show in May. First year sponsor, Mrs. Katie Morris, watched proudly as the hard work began to pay off. From the devotion of the soloist to the good-natured comedy provided by the often unrecognized boys, it was apparent through the smiles shared that the show was an enjoyable treat for all.

There is a group of select individuals at our school who, unlike the coaches, don't get paid to stand in all sorts of weather but selflessly donate their time, and sometimes comfort, just to make sure our athletes are never deprived of water, ice, times, or anything else they may require. Who are these wonderful people? Sports Aides of course. Why do they donate their time? Some do it because of their love of the sport they're an aide for, others are those who aren't personally athletically gifted but still wish to support their school, the rest are just wonderful people helping out our teams. I'm sure all of the athletic teams give a deep felt thanks to these people who help make them look so good.

SPORTS

Euclid High School gives students a wide variety of ways to participate in athletic events. Every sport that is contested in the G.C.C. is offered at Euclid plus several others such as Hockey and Indoor Track which are not recognized by the G.C.C. Our sports facilities are second to none since there are two pools, two gymnasiums, an indoor and outdoor track, wrestling and weight conditioning rooms, a football stadium, several baseball diamonds and various practice fields. We are blessed with many dedicated coaches who strive to get the best from their players. As with any activity you will get out of it what you put in.

Champs In G.C.C.

Record setting year for varsity football

The Euclid Panthers won their third G.C.C. championship this year. Over the last three years the Panthers have gone undefeated in the G.C.C. with a record of 23-0 in league games. This was a feat that may never be matched again.

The Panthers were sparked by Senior tailback Robert Smith who ran for 5318 yards and scored 71 touchdowns during his three years on the varsity football team. The offensive line was one of the best in the history of Euclid High School. Without it, the Panther's offense would never have been able to accomplish what it did. On the defensive side, the Panthers had the best secondary in the G.C.C. It was led by seniors Patrice Ward, Kevin Gaines and Ricky Smith.

Although the season started off with an easy victory over Cleveland Heights, it was soon ended with the loss of the second game to St. Ignatius (which

ended with an undefeated season, were Division I State champions for the second year in a row, and were rated by "USA Today" as the number one high school football team in the country). After that loss, the Panthers had to convince themselves that they were a better team than the one that played in the second game. They seemed to have lost a lot of spirit after the St. Ignatius loss which was not recovered until about the fifth game in the season. After that they really showed a lot of spirit and togetherness which was evident as they won their last eight games and went undefeated in the G.C.C.

Having won the GCC championship, the Panthers were on their way to the third playoff appearance. But, unlike their first two appearances in the playoffs, they were not put out in the first round.

Their first playoff game was against the Shaw Cardinals who had only given up twenty six

points their entire season. The Panthers beat them 34-0.

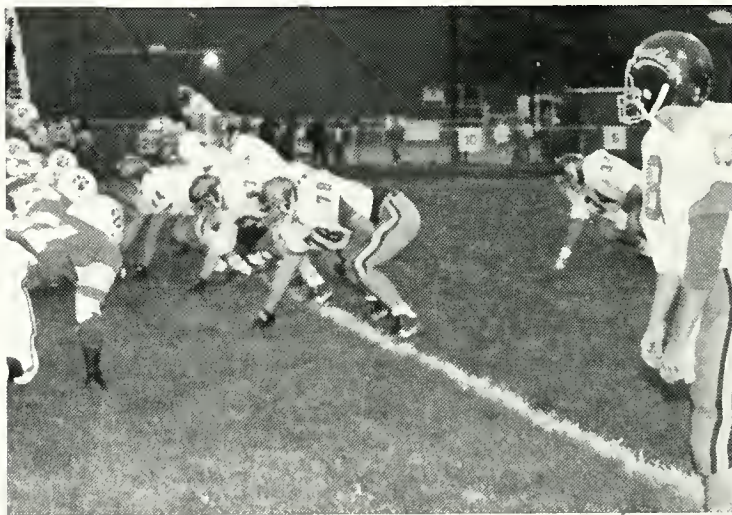

The next game was against St. Ignatius. This game was a match of defenses as the Panthers faced the defending state champions. The game was played at Baldwin-Wallace with over 11,000 people in attendance. It was a truly incredible game in which St. Ignatius was able to come from behind in the last minutes to win 31-30. As Joe Magill of the News Herald said "The greatest football game I've ever seen. I can't imagine ever seeing a better one...The only thing not included in this game was a fight. There was no taunting, no finger pointing, just two teams giving it their all and showing nothing but respect for each other when it was over."

The 1989 Euclid Panthers were a class act. They expressed themselves well at all times. This was a team that will be long remembered.

Euclid had many players who were given special awards after the season. The News Herald picked Robert Smith as the offensive player of the year. Tom Banc was chosen as coach of the year. First team offense included John Wandersleben, Craig Murowsky and Tom Zovko. First team defense included Stan Smith, Terry Roscoe and Kevin Gaines. Second team defense included Chris Mannello and Ken Walter. Special mention went to John Parsons, Mike Sheck, Ricky Smith and Patrice Ward. Honorable mention went to Rob Zele.

Robert Smith watching the activity on the field.

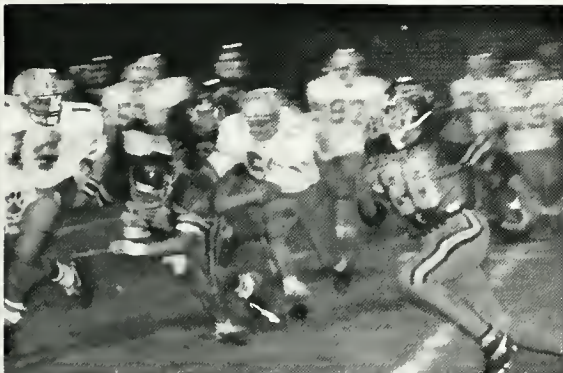

Coming off the field after scoring one of his many touchdowns.

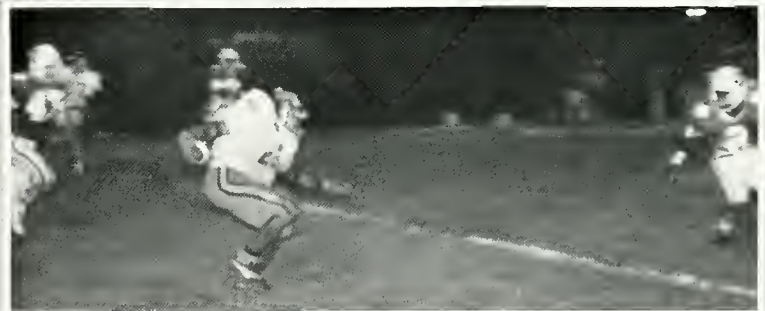

Robert Smith for the second year was voted Mr. Football by the Associated Press. He was the first person to win the coveted award twice. His senior year he rushed for 2,042 yards, averaging over 10 yards per carry, including 35 touchdowns. For his 3 year career he carried the ball 563 times for an amazing 5,318 yards, averaging almost 9.5 yards per carry. During his career at Euclid he scored 71 touchdowns. During his senior year he showed off his seemingly endless talents as he played quarterback and was defensive safety. During the Massillon-Jackson game, not only did he score five touchdowns, he also intercepted a pass.

The 6-2, 195-pound senior was one of the most heavily recruited high school players in the country. There will probably never be another player like him again at Euclid.

Soccer struggles through a rough season

The varsity soccer team suffered a disappointing year. Head coach John Gibbons had to rebuild his offense this season. The team consisted of mostly underclassmen, giving a bright future for next season.

The varsity was lead by three-year veteran Alen Dujmovic, who was converted from sweeper to forward. Also giving some help in the rebuilt offense were sophomores Jason Phyllis, Tony Bruketa, Steve Barstow, junior Steve Burke, and seniors Chris Bryant, Miro Dures, and Eddie Sugar. The defense was lead by Roger Crombie, Rob Terlizzi, Roger Kunes, Marc Fiftolt, Rick Bunn, Jeff Holmes, Jay Turpin, and George and Joe Bevanda. Sharing the goal-tending job were senior Joel Eckert and junior Dave Kramer.

The junior varsity went under a coaching change. Coach Jeff Jordan, in his first year of coaching, believed that everyone should play. The team was led by Matt Schwartz and Becky Karnak. The defense was held together by Jeff Pesek and Steve Seric.

The freshman soccer team received its first losing season under Jim Presot. Coach Presot still believes if you practice you play. The team was lead on offense by Jason Whitey and on defense by Andy Newsome.

Set It Up!!

Volleyball team did a lot of passing

This year's volleyball season proved to be very exciting for the varsity, J.V. and freshmen teams. Head coach Dan Maxson and his assistants, Gayle Raia and Pat Buck lead their teams to successful seasons. The varsity team this year consisted of six seniors, two juniors, and four sophomores. This team placed fifth in the G.C.C. and they won the Euclid Tournament. The J.V. team placed third in the G.C.C. and has great talent that will be used next year on the varsity team. The freshman team proved to be very hard working and will help next year's J.V. team. Hopefully next year will prove to be an even more exciting season.

Girl's tennis struggles through tough season

The 1989-90 season was termed one of rebuilding for the Lady Panther Tennis Team. With only two returning players, June U, a two-year letterperson and Jennifer Mason, a three-year letterperson, the team consisted of two freshmen, Amanda Rowe and Sue U, two sophomores, Emily Smayda and Virginia Yee, one junior, June U, and two seniors, Elise Clemence and the captain, Jennifer Mason.

Even though the year ended with a losing record, the girls had all improved their game due to the efforts of Coach Pete Swope. And so the 1989-90 girl's tennis season could be summarized as lots of improvement and hope for the future.

Golf team shows promise for next year

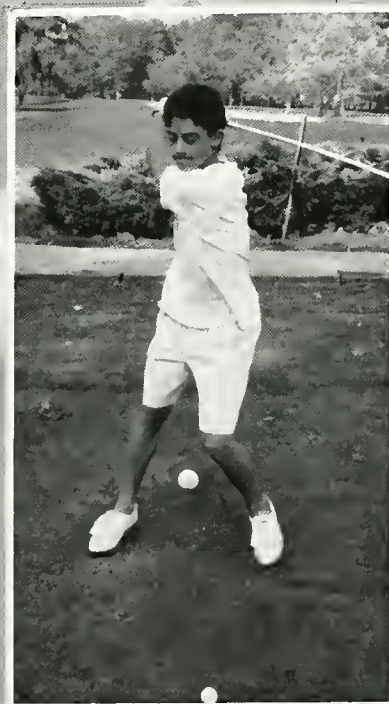

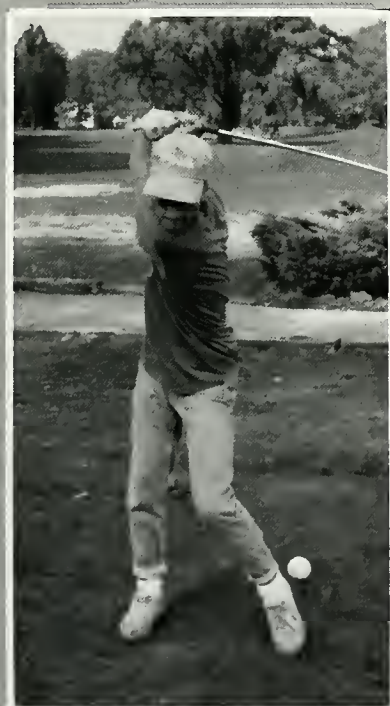

Golf Team, Row one: Phil Sillia, Brian Dunmire, Rick Flaisman. Row two: Josh Samas, Jeff Engelke, Jeff Simenc, Steve Blackburn, Coach Mike Raicevich.

The 1989 golf season was very successful. The team finished the season with 8 wins and 6 losses. The season was very encouraging, especially since the team lost Jeff Engelke, who moved to Chardon and Steve Blackburn who moved to Mentor. The team consisted of 2 freshmen, 2 sophomores and 1 junior. The lowest scorer was Phil Sillia. The other two starters were Jeff Simenc and Brian Dunmire.

Coach Raicevich feels that things should improve for next year if everyone comes back and there is some improvement. This was a young team that should have a lot of promise in future years.

Boy's cross country run at Regional meet

Despite losing Co-Captain Bob Jones to illness and suffering other illnesses and injuries the Boys Cross Country team had a good season, qualifying as a team for the Regional Meet and sending the first Euclid boy since 1985 to the State Meet, Co-Captain Bob Bell. Great finishes during the season were: fourth place at the North Coast Invitational, sixth place at the Lorain Invitational, Fourth place at the District Meet, and a tie for third place in the Conference overall. The team was made up of Bob Bell, Harry Luikart, Mike Carney, Kevin Vance, Ken Wolenski, Steve Workman, and Chris Atlas, a freshman who holds the promise of good future teams at Euclid. Most Valuable was Bob Bell, Most Improved Mike Carney, Outstanding Freshman Chris Atlas.

Girl's Go State

India Ford wins state cross country meet

This year's season for Girl's Cross Country had an ending every team dreams of. For the first time since the start of State Cross Country Meets for Girl's a team from Euclid was present. Another first was achieved when junior India Ford became Euclid's first individual State Champion in Cross Country. Junior Meredith Fitzgerald was also All-State with a seventh place finish at the state meet. The rest of this year's sensational team was: Lee Jackson, Senior Co-Captian Jill Tomasi and Lisa Marvin, Coleen Bradach, Shannon Marek, Karen Radachy, and Cindy Orlic. As a team, Euclid's girls had a great sixth place finish at the state meet, any team in the top 10 are among the state's elite. Other season highlights included a first place finish at the Walsh Jesuit Tomahawk Run, second place at the Malone College Invitational, third place at the District Meet, and third place at the Regional Meet.

Congratulations to the team for a great season and Good Luck in what promises to be an even better season next year.

Varsity struggled through disappointing season J.V. suffered from lack of students

It was another building year for the Euclid wrestling team. There were not enough upperclassmen who went out for the team and hence, the weekly starting line-up consisted of no more than three seniors and two or three juniors. The rest were talented but inexperienced freshmen and sophomores. Because of this there was no freshman wrestling team and there were only a few people on the junior varsity team so they had to forfeit most of the matches. The team should be able to use this season as a building block and be able to look forward to a much improved season in the future.

Five In A Row

Boys take G.C.C. for fifth straight year

The Panthers Boy's basketball team started the season going for their fifth straight G.C.C. championship. They were expected to have a very good season and they lived up to the predictions. They finished the season with only a couple of losses on their way to an unprecedented fifth straight G.C.C. championship. They entered the district tournaments seeded number one and rated number two in the entire Cleveland area.

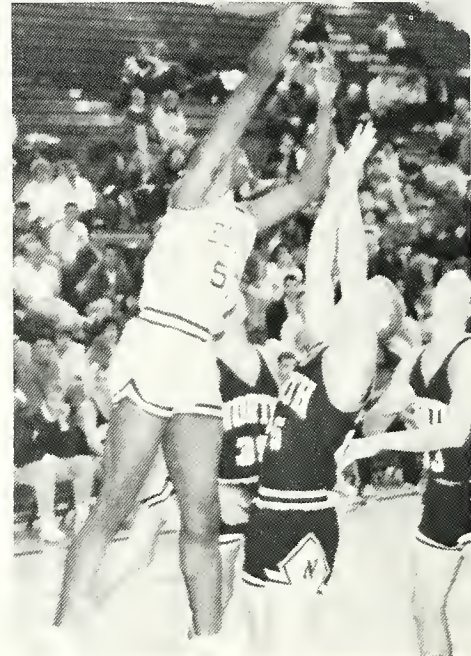

The Panthers got strong play from Terry Roscoe, Terenz Parker, Terry Bush, Joe Meden, Marlon Moore, Justin Daugherty, Rick Smith and Stan Smith. The team had a strong bench so Coach Daugherty did not lose much talent when he had to put in substitutes. Terry Roscoe, Terenz Parker, Terry Bush and Joe Meden were among the top scorers in the area. Other members contributing to the overall success were Jason Weybrecht, Charles Yurcich, John Little, Derek Willis, Dave Lauver, Darryl East, Dan Spehar, Matt Garbincus and Kenny Troy. The team consisted of both juniors and seniors so there should be a lot of talent for the coming years.

Shooting For The Stars

Boy's J.V. has a super year
and finishes first in G.C.C.

The Euclid Boy's Basketball team had an extremely successful year finishing with a near perfect record of 13-1 in the G.C.C. and winning the G.C.C. title for the fifth year in a row. The team started off to a slow start with a loss to Cleveland Heights but then went on and beat Bedford and Eastlake North. After a loss to St. Ignatius they went on to win seven in a row before a loss to University School. They then went on to win all but their last game to end a very successful season.

The J.V. team consisted of Mark Cickavage, Brian Dunmire, Bill Jerin, Kevin Flynt, Dave Grice, Tim Haggerty, Ken Davis, Joe Sweet, Gary Meeks, Brian Bell, Joe Leonardi, Mike McDougall, Ed Bizay, John Vuyancih and Joe Nowosielski.

The Freshman Boy's Basketball team finished the season with a 10-7 record and completed another successful season. The players learned how to work together for the team and will be a great help in the coming years.

At the beginning of the season, the hockey team was hoping for a .500 record. As the season unfolded, they realized that this goal was too conservative. The players had practice every day at times that were more enjoyable for everyone. The year started out with one of Euclid's best showing in history at 7-0. After that, they went into a small slump and won only one of four games. After that, however, they got together again and finished by winning their division which had not been done for ten years, and having a winning season.

The effort was accomplished by hard work from their defensemen, forwards and having strong goaltending. The team was a young one and are, therefore, looking forward to more successful seasons in the coming years. A winning attitude was established.

Dive...Stroke...Kick

Both boys and girls swim teams
have successful seasons.

Another year of early mornings for swimmers. The 6:00 A.M. practices were tough but mandatory. The 1990 Boy's Swim Team had a good season, working hard to do well. This year's team was smaller than last year's, but still did well. Co-Captains Tim Tobin and Tom Reynolds swam all different events.

Andy Logar, Bob Schmeling and Jason Chinni were the distance men. The sprinters were Tom Reynolds, Ken Gilbert, Matt Tomsic, John Burich and Peter Swyt. The backstrokers were Tim Tobin, Liam Collins and John Dengel. Breaststrokers were Mike DiBartolomeo, Paul Kostansek and Kevin Gambarski. Mike DiBartolomeo, Brian Bush and Brian Shantery swam the butterfly. Tim Tobin did well in the individual medley. The divers were Ken Gilbert, Mark Tomsic and Rob Galosi.

-Bob Schmeling

The Euclid girls swim team had a fine 89-90 season. Pat Hartman was the coach of this young team consisting of mostly freshmen. There were a few sophmores and juniors and only 3 seniors. But despite the small size and age of the team the Lady Panthers worked hard to make the season a successful one.

Practice started at 6 AM. After morning came a day of school. After school the girls swam for another two hours and then went home to eat, do homework, and then sleep. In order to be a swimmer you had to be tough mentally, and physically.

A special thanks was in order for freshmen Mariana Zdrilic who broke three long standing records and to senior Jackie Thomas who's diving took first place in every meet, with a high score of 237.

The teachers have started with their Freshmen homerooms and have grown up with them until it was time for graduation. The greatest feeling for the Euclid staff was to see a teenager go from a lost, ignorant Freshman to a knowledgeable Senior ready to go out into the real world. The teachers at Euclid High School do much to influence the lives of the young. Teachers don't get to see the fruits of their labor until after the students mature.

Euclid School's Administration: Ron Victor: Business Manager, Lowell Davis: Treasurer, Kurt Stanic: Superintendent of Schools, John Fell: Director of Curriculum, Robert McLaughlin: Director of Pupil Personnel.

School Board and Administrators: Ronald L. Victor, Carol DeWine, Lowell B. Davis, President K. F. Van Ho, Kurt Stanic, Barbara E. Kramer, Vice-President Carol L. Bechtel, David A. Lawrence.

This year Euclid saw many changes involving its administration as it ushered in a new Superintendent of Schools, Kurt Stanic, a 1969 graduate of Euclid. This year

was also significant in that Euclid schools welcomed three new members to the School Board, Carol DeWine, Carol Bechtel and Barbara Kramer. Their hope was to again stress the

importance of education to Euclid's students and continue the tradition of excellence set forth through the years.

Polishing Our Future

What would we ever do without our counselors? Many of us have probably never asked ourselves this question. Counselors are simply there when we need them, so we take them for granted. Counselors are our friends and confidants who help us to organize our busy school lives. They praise us when we're doing good, and reprimand us when we're not so good. Next time you see your counselor, remember everything he's done for you and thank him for it.

Euclid's staff keep the school running smoothly

Euclid High School is a school known for its excellent education. However, this would not be possible without the dedication and hard work of our wonderful staff. Not only do the teachers enable the students to understand their studies, but many also guide the students in extracurricular activities. We also rely on the secretaries, custodians and hall monitors to keep everything running smoothly. For this we thank you, so keep up the good work!!

-Lorena Orbanic

With Miss Bambic's leadership, Homecoming goes smoothly.

On the field, in the choir room, during class and at conferences, our Euclid teachers always work hard to make things go well.

Euclid's staff is very helpful

Mr. Jablonski, Mrs. Ramlow and Mrs. Barker show that helping students is an important part of their day.

Meet Euclid's new PAL

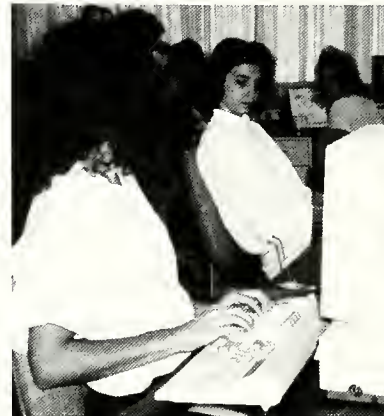

The latest in computer technology can be found in Euclid High School's PALS lab. PALS stands for Principle of the Alphabet Literacy System and is designed to help students who have difficulty reading and to help foreigners who understand the English language but can't read it very well. The program combines high-tech computer graphics with laser discs. The result is a kind of talking comic book that displays words and pictures on the screen. This allows the student to read along while the computer tells a story. This program helps to rapidly increase students' reading skills.

Also located within the PALS Lab is a separate IBM lab. The Personal System 2 computers are used by typing and keyboarding classes to help increase students' typing skills. Business classes, such as accounting and bookkeeping, also use the IBM lab. The entire lab was organized by Adam Pawlowski with the help of Brian Ashman.

Euclid's education goes back forty years

Miss Houchins is ready for the anniversary party.

Euclid's 40th anniversary started off well with the passage of the levy during the previous year. This enabled many of the programs that had been cut that year in art, industrial arts, as well as other areas, to be reinstated. Because of that many students were able to take classes to broaden their horizons that they would not have been able to take before. This year's students were lucky enough to have those programs which were not offered last year. Let's hope that the programs can be continued in future years so we can maintain Excellent Education in Euclid Schools.

Governor - Other Officials Will Have Part In Ceremony

By Stan Minotas

Euclid's new, ultra-modern, \$4,000,000 high school located at East 222nd st. and Tracy ave. will be dedicated formally this coming Sunday, October 30th with exercises starting promptly at 3:30 p.m. in the school.

The building, however, will be open to the public for inspection purposes beginning at 1:30.

Although much is yet to be accomplished in the way of landscaping the grounds and completing various details about the building, the massive structure is substantially completed for education purposes.

Highlighting the dedication ceremonies will be the appearance of Governor Frank J. Lausche who will deliver the principal address. Dr. Clyde Hissong, who has been Director of Education and Superintendent of Public Instruction in Ohio for six years, will bring greetings from the State Department of Education.

Arrangements for the complete program are under the direction of Walter N. Schwegler, assistant principal of the high school in co-operation with Principal Clifford G. Owens and Russell H. Erwine, superintendent.

Russell Glass, president of the Euclid Board of Education will be presiding officer for the dedication program which will be held in the auditorium. While the seating capacity of the auditorium is limited to 1800 an additional audience of nearly 3,000 will be able to listen in on the program over the public address system in the gymnasium, library, choral rooms and various other rooms throughout the school.

Governor Lausche will be introduced by Mayor Kenneth J. Sims while Dr. Hissong will be presented to the audience by Superintendent Erwine. Music for the occasion will be furnished by the high school band and male ensemble.

At the close of the auditorium exercises, Euclid American Legion Post 343 through Commander Howard Goebel, will present the school with a gigantic flag for its front lawn flagpole. Individual flags for each classroom will also be presented.

Special guests at the dedication will include superintendents of the various city and village schools and the members of the high school principal's association of Cuyahoga County. With their wives, members of these organizations

will occupy special seats on the stage during the program.

The new high school, Euclid's pride and joy, consists of four units in reality although it is just one building, erected on part of 110 acres of land near the geographical center of the city. Sixty-five of these acres belong to the city, the rest to the School Board. You can get an idea of the co-operative long-range planning between city government and Board of Education from the fact that city plans call for extensive outdoor playground facilities.

The building units, mentioned above, consist of an auditorium, gymnasium, natatorium and main structure with cafeteria, general offices, library and classrooms. Expansion joints between the units were necessary in construction. Across the front the building measures 803 feet, 490 feet on the longest side.

9,500 glass blocks, coinciding with the architectural style of modern vari-colored brick, allow nature's light to enter inner stairways, gymnasium, swimming pool, band and choral rooms. Acoustic ceilings are used throughout.

All walls in the building, not tiled, are colored, shaded plaster in three colors, blue, green and rose. Main and auditorium lobbies are of beautiful domestic and foreign marble. All corridors are fluorescent lighted, classrooms incandescent.

The school has 45 general classrooms and approximately thirty departmental offices scattered throughout the building, most of which have an outer waiting room. The pride of the students and instructors and visitors to the school are the three shops, band and choral rooms, large library and cafeteria, industrial arts rooms and the commercial departments.

The swimming pool, 42 by 75 feet, regulation A.A.A. size, has a capacity of 180,000 gallons. The double gymnasium, with two full size playing courts, has a seating capacity of 2500 for main games.

Other general statistics that add up to making the school tops in its class include: 1800 recessed lockers colored differently by floors, five public pay phones; two refreshment stations adjoining gym; eight rolling grills to segregate sections of the building; classroom chimes for class changes; intercom system for general offices; custom-built sound system with AM and FM radio and talk-back communication from all classrooms and offices. In general, every modern idea has been incorporated into the building to make it pleasant for the students, faculty and even the maintenance crew. For the latter, ceramic tile walls, terrazzo and linoleum floors and plenty of storage space in every section of the building are a "godsend". All exterior openings (71 floors and 336 windows) are aluminum.

In back of the building is an adequate parking area for teachers plus a spacious general parking area. Beyond this area are two practice football fields, soccer field, while yet to be completed are baseball and softball fields. Although the running track and straightway and the main football field are in, plans call for completion of the stadium with concrete stands and lighting for night football in the near future.

As freshmen we are laughed at, spit on and made fun of. We can be described as the four-eyed geeks running to class for fear we might be late. As sophomores it seems we've been forgotten for the time being. Nothing to look forward to, nothing to look back on. As juniors we can look forward to our final year of high school, our senior year. But we are seen by others as the weakest upcoming senior class ever. That's the way it's always been and always will be. We are the underclassmen.

Freshmen

Freshmen came to Euclid High School with a sense of awe. They can't believe it's so huge. Two pools, two gyms, an indoor track, a planetarium, the E-room, there's so much there. Much time was spent trying to figure out where the classes were. It was hard to believe that in three years they will be seniors.

Sophomore year is one of change

Sophomore. The dictionary says this is a term meaning, the oxymoron, wise-fool. However, members of this class will enthusiastically beg to differ.

Sophomore year is a time of change for a student. Bad decisions from freshman year have to be corrected and more is expected from you. Since this is usually the year students turn 16, more and more responsibilities are given to them, i.e. the driver's license.

On the other hand, by sophomore year, high school life becomes more familiar. You've grown out of the "gullible freshman" stereotype. You don't fall for the "quarter glued to the floor" gag so easily anymore, or at least know of a way of getting it off. By the end of the year, you've wised up and been sized up for the junior year. Enjoy the days while they last and always keep the faith.

Looking Foward

Sophomores spend time looking to future

Sophomores kind of got lost in the crowd. they were not really new to the school, but they didn't fit in with the upperclassmen either. It was a confusing year, but they did what they had to, to get through it so they would be prepared to have as much fun as possible in their junior and senior years.

-Jenny Leyendecker

Sophomores looking forward to better opportunities in the future

Growing Up

Sophmores feel school shrinks while lives expand

Kim Mikich grows prettier every day...

...while Kennard Johnson-Bey and Russell Minter grow larger every minute.

Your sophomore year should have been one of the most memorable. By then you should have grown accustomed to the school and could almost find all your classes without getting lost. Your number of friends had grown. You were no longer the "babies" of the school and began to receive some recognition. If you had not yet participated in any activities before, this was the year to do it.

Only Forty Years Old...Really

EHS starting to show its age

Forty years of wear and tear had taken their toll on good old Euclid High School. 1989 with more than it's share of problems. The week before winter break was to begin, several tubes in the boiler began leaking, causing heating problems throughout the school. The plan was to fix them during the winter break. Because of one of the most severe Decembers on record, classes were cancelled the day before vacation was to begin. Then, during the break, as some pipes were repaired, others

broke flooding the cafeteria, E-Room Ballroom, some English rooms, the Little Theater, a machine shop and the planetarium. The flooding in the E-Room Ballroom exposed asbestos in the ceiling that was due for removal during spring break. With the flooding it was decided to remove the asbestos immediately after winter break which necessitated closing of the E-Room and subsequent rearrangement of study halls and other activities.

Besides the flooding, the entire E-Room was found to be sinking due to a weak founda-

tion. The girl's pool was also in disrepair with paint falling from the ceiling and walls. The roof over the boy's gym wing was also leaking.

Ironically, the original school building had had the least problems of all the sections of the school. The E-Room was added in 1966 and the boy's gym wing, including the Planetarium and the Little Theater, was built in 1972. Overall the building's first 40 years ended in a state of higher entropy.

The ACT Warm Up

PACT paves the way to college

As a sophomore, students have a chance to take the PACT which is the Preliminary American College Test. This test is a practice for the ACT which is required by many colleges for admission. This test gave the students a chance to see what the test would be like and to get some practice for it.

Almost There

Juniors anxiously await their senior year

The junior year was a time for decisions. It was a time to think about college, maybe get a job, or even decide what to wear that day. You could walk around acting like you owned the school, but there was always a senior present to remind you of who you were. It was a year to begin preparing to take those lettered exams like the ACT and the SAT, and wondering if it would be possible to get a negative score on them. Of course, it was the year that you would most probably get that most highly honored piece of plastic: your drivers license.

The junior year was full of fun and exciting things to do. But one thing that was very true was that it would go fast and soon it would be time for the senior year.

Just Around The Corner

Junior year prepares students to be seniors

Being a junior was not always easy. There were a lot of decisions to make and activities to participate in. Taking the PSAT to get ready for the SAT was only one of the tasks that had to be accomplished. Also, preparation for college had to be done. You needed to make plans for your senior year, what classes to take, and many other decisions that were so important for a junior. It was a hard year for many but the senior year was just around the corner.

Computer For Futures

Career Office improves with OCIS

Chris Schaefer, Erin Fox, June U, Bill Castrovince and Jeff Syrone are all smiles for the OCIS.

The Career Office, in its never ending battle of helping students weed through all the choices to be made for the future, received a new OCIS computer. The OCIS (Ohio Career Information System) included up-to-date information on prospective occupations, 4-year and 2-year colleges, vocational programs and financial aid information. All these and more could now be easily accessed by juniors trying to sort out future plans.

Look Up To Cleveland

Junior gets selected to discuss city issues

Look Up to Cleveland is a program that was designed to prepare potential community leaders to take positive action in current affairs. It was co-sponsored by the League of Women Voters of Cleveland Educational Fund and the Leadership Cleveland Alumni. Forty juniors, one student per high school, were chosen from the Greater Cleveland area, making up a widely diversified group. The group met once a month from December until May. During this time students focused on major issues in the city, determining positive and negative factors of Cleveland. The program concluded in May with the student's civic vision. The purpose of Look Up to Cleveland was to inspire young adults to remain in Cleveland as responsible citizens.

Euclid participates in the annual blood drive

This year's annual Fall blood drive was sponsored by the Euclid Cultural Committee. Many of its members assisted with the physical aspects of collecting blood by helping fill out information, taking temperatures, assisting the blood donors and serving refreshments. Over one hundred students got out of class so they could give blood to this worthy cause.

A student had to be eighteen in order to give blood or seventeen with parental permission. Giving blood is a beneficial activity that everyone should get involved in. It doesn't hurt, is safe, and your blood could save someone's life.

Throw-Away Society

Communities are finding you can't throw away forever

Cheer if you are for recycling.

Recycling has become an even bigger issue than ever before. The nation's landfills have been filling up fast. We should all become aware of this growing problem of what to do with all that waste. Someday, probably in the near future, we will have to separate our trash. One of the biggest problems was the plastic non-decomposable diapers. Many municipalities have already banned them. So become a concerned citizen and consider recycling.

Science Olympiad gives students a chance to reason

Students participating in the metric estimation.

What event happens every year on the last Saturday of each February? The Science Olympics, of course! For the past three years, Euclid has participated in the competition at Case Western Reserve University along with other schools in the Greater Cleveland area. The advisors were Mr. Wherley and Mrs. Torrelli. The events covered all areas of science from anatomy to chemistry to topographical map reading. They allowed anyone who was interested in science to participate and have fun, not just those who have taken the advanced science courses. This year Euclid had a mini Olympics in the E-room to show the school how much fun participating and just watching, it really was. Although the team has never placed in the top three, there have been several medal winners in individual events.

Looking on to see how much weight can be put on the model bridge before it will break.

SENIORS

As they entered their freshman year, they were filled with excitement and fear. Now, as they look back on graduation, they experienced similar feelings. Though they may feel that way, they must not forget the changes they've gone through, growing in different ways, times of celebration, and even those times they would rather forget about.

Since they were little freshmen running through the halls to their senior year when they ruled the school, they have to remember all the changes they have gone through. Some of the most painful changes they have gone through in their lives were probably with friends. They've seen so many people come and go from their lives, but they always managed to hold onto those few special people. Other changes were adjusting to teachers and

classes every year, having a boyfriend/girlfriend who shared part of their life, and then the biggest change of all- life after high school.

In the four years of high school they grew in many ways: academically, socially, physically, emotionally, athletically, and many other ways. Many people grew more intelligent, while others seemed to learn nothing. There were people high on the social ladder and had many friends, while certain people preferred to keep to themselves. Certain students excelled in sports and some joined activities and clubs. Emotionally many students grew and learned how to love, have faith, control hatred, and even trust. No matter who they were or what they've done those past four years, they've all grown in one way or another.

Time for celebration seemed to have been in the air at EHS. Winning of athletic events,

spring break, passing of finals, accomplishments of clubs, and for the class of 1990- graduation. The list could go on and on but with celebration came responsibility and safety. Their adult lives were about to begin.

With all these good times came some bad and all the ones they would like to forget: failing a class, getting suspended for almost anything, loss of friends, ending of a relationship and others. Hopefully they would not try to block this out totally, but be able to look back on it and say, "I did learn something from that."

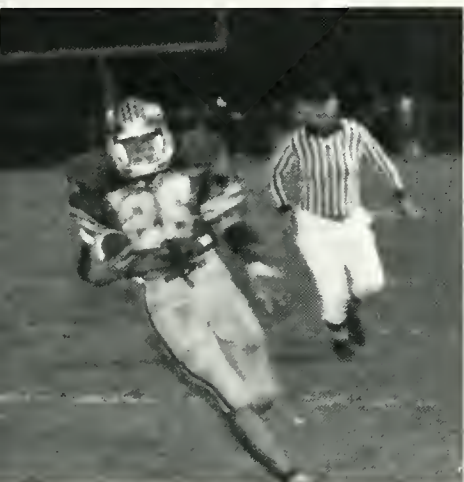

The only thing that could prepare the class of 1990 more for life would be a degree in a specific field of study. They've all changed in so many ways, both good and bad and had been through so much. Let's hope they never forget those times and hold the memories close to their hearts, for they were the class of 1990.

-Chris Clark

The senior class brought lots of spirit to the school during assemblies and sports events.

Class Of '90

They finally made it

Introducing the class of 1990. The first class of the last decade of this century. The class that celebrated the fortieth anniversary of Euclid High School. The class that was together for the decade of the eighties was now entering the decade of the nineties. They had many memorable experiences during their tenure at Euclid High School and will be looking forward to many more during the remaining years of the twentieth century and into the twenty-first century.

Getting The Job Done

Many seniors are active in school activities

Lee Swope was a competent president of Student Council.

Laurie Bock, Vernard Adams and Bill Castrovince helped out the Sports Channel crew during the St. Ignatius game.

The seniors' schedule was a tight one. People squeezing in those last credits for graduation, working, homework, clubs and activities, athletics and social life, all had to be managed and each one was about equal. But it seemed the seniors had even more towards the end of the year. Graduation, preparation for our future, prom, and several other things. If they were able to manage all this and still graduate, they were ready for the future and what it would hold for them. And just a word of advice to the underclassman-brace yourself because it only gets tougher.

-Chris Clark

Laurie Bock, Brendan Kelley, Jennifer Mason, Caroline Holland, Vernard Adams, Shalom Lawrence, Bob Jones and Jill Enneper were the PA announcers who supplied the school with it's morning announcements.

Senior activities. There are many things that are important in being a senior. Many seniors have a car and are asked to chauffeur younger brothers and sisters to their activities. Many seniors are involved in taking college entrance tests such as the SAT and the ACT which are so important in getting into the college of their choice. Seniors usually belong to more organizations than the underclassmen and so have to set an example to the rest of the school. Many seniors have jobs so they can afford the things that are necessary to have when you have a job. Many say they are saving for college but a surprising amount of each paycheck goes for car expenses, clothes, food and entertainment. Being a senior is a busy time of life. It is an enjoyable time that you have to experience to really enjoy.

Sharon Billi, Miss Bambic, and Miss Carmody gave their all to Homecoming.

Going To Class

Going to class. You've got to do it if you expect to get anything out of school. It may seem boring and you may not think you are learning anything but the fact is that you are getting something out of it. You may not think you will ever need what you are learning but you can never tell when something you've learned will sneak into a conversation.

Munching Out

Cafeteria food. Everyone has their own opinion about food served in a cafeteria. Most say it is very bad. To be honest, though, the food that is served in Euclid's cafeteria is really very good for the price. It is unfair to compare it with meals costing two and three times as much. For the money that the students had to pay it was really a very good bargain. Compared with other schools Euclid's meals rate very well indeed.

Jeff Syroney wondering if that crunchie in his food is a stone.

1989-90 was the second year that the students had four minutes to go from class to class. This was not an inconvenience to most students. The people who were chronically late would probably still be late even if they had ten minutes. The shorter passing was nice since it shortened the day. The shorter time did not have a great influence as far as lunch periods were concerned since they were more evenly distributed. The waiting to buy lunch was greatly reduced.

Just Hanging Around

Some students have used their time wisely talking about politics and school policy. Most of the time, however, students enjoyed just 'hanging around'. School gossip was always an important topic i.e. who did what, where, when, and with whom. Fashion, music, television, sports, movies, parents and how many licks it takes to get to the center of a Tootsie Pop are subjects that permeated student conversations.

The Funniest Thing Happened...

Some senior embarrassing moments

During a student's life at high school some events occur that are truly embarrassing. Here are some of the embarrassing moments that occurred to this year's seniors.

Dan Komara in ninth grade went to sit down and ripped his pants. He had to go home and change. Cindy Jerele was in eleventh grade history class and Mr. Hartmann kept asking her a question and she wasn't paying attention so he threw a yardstick at her.

Nate Holloway was embarrassed when he was going out with two girls and they found out about each other.

Jennifer Welker as a freshman dumped a whole bowl of mashed potatoes on herself.

Cynthia Rivera was over her friend's house and asked where the remote for the TV was and her friend said on the TV and she picked up a calculator and tried to change the channels.

Christine Oblak was embarrassed when Tracy Prestigomo flipped up her skirt while walking up the stairs.

Marlene Hribar, Sharon Swyt, and Robert Doncevic had chairs pulled out from under them.

Lee Ann Dobucki, James Robinson, Patty Levstik and Jennifer Mason fell while walking up the stairs.

Caroline Holland wore colored undies with white pants.

Sharon Billi walked to school

one day with her zipper down. Mike Urbania pulled down Tony Gjerek's shorts in front of a girl. Valerie Kunesch did a report in sixth grade on the kind of mole that grows on skin while it was supposed to be on the mole that is the animal.

Ann Nicolosi put her books in the wrong locker at Forest Park and when she went back to her right locker, she thought everything had been stolen.

Michelle Newcomb was talking on the phone with whom she thought was Dan Spehar and later she found out it was Jim Quirarte.

Jeff Syrone glued together his fingers with crazy glue to get Kim Doles to talk to him.

Some of Camille Pullin's friends threw her a party and when she came downstairs she was wearing only her underwear.

Judy Beder fell over a desk in her freshman year while wearing a skirt.

Jennifer Masley fell into the living room of a house she was toilet papering after a football game and the whole family stared at her.

Stephanie Smolic kicked mud into cheerleader Jennifer Dudziak's eye during a football game and no one stopped cheering.

John Little got pulled over by the police right in front of the school.

Sharon Swyt caught at the fountain.

Pat Felden's bird impression.

Tom Hoag and Jenny Mason at their goofiest; an extreme close up of Lorinne Wolenski.

My favorite teacher

Once again, the Seniors were asked to tell who their favorite teachers were. And once again, it was a very difficult question to answer. But coming out on top this year were Mr. Hartmann and Mrs. McLaughlin, followed closely by Mr. Sallach, Mr. Serra, Mr. Walsmith, Mr. Lowe and Mrs. Tkac. Other favorites included Mr. Pawlowski, Mrs. Pla, Mr. Von Benken, Mr. Raicevich, Ms. Roberts and Mrs. Paskert. Nearly every teacher was mentioned by at least one senior, though, proving once again that Euclid High School has not only the finest students, but the finest teachers as well.

From Russia With Love

Soviet leader eases world tensions

With the end of the '80's came a sweep of reform in the nation historically seen as our enemy, Russia. The Big Bear on the other side of the oceans has gone through many changes since the rise of it's current leader, Mikhail Gorbachev. This czar has installed a policy of openness, known as Glasnost, in the USSR. Over the past several decades the Soviet Union has been able to do many wonderful things as far as science was concerned such as putting men and machines in space, but the Russian people have been suffering from a terrible lack of essential items such as food and appliances. Gorbachev was the first Russian to admit that the system wasn't

working.

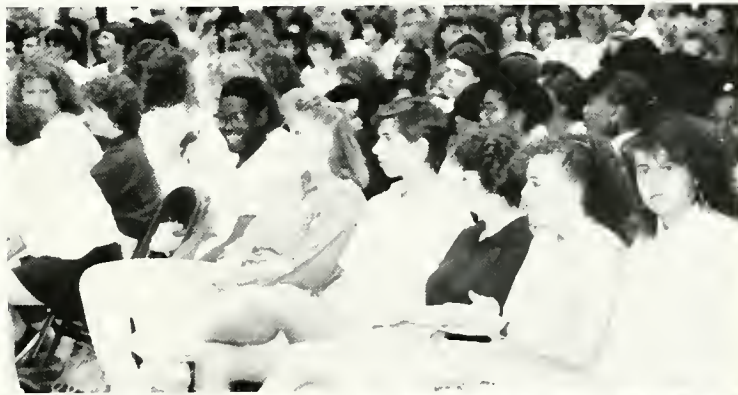

Gorbachev has, more or less, opened the Soviet Union to outside influences, allowing American bands (i.e. Bon Jovi, Billy Joel, Motley Crue) to perform within the Red borders. Not since the Bolshevik revolution of 1917 had that country experienced such a dramatic government reform. They have even rewritten history books to reflect what really happened instead of what the Communists wanted the people to believe happened. Where there once a Cold War, the US/Soviet relationship has steadily grown balmy. Peace talks between "Gorby" and Reagan/Bush have been increasingly profitable in terms of arms reduction. Summits have

occurred about as often as another "Friday the 13th" movie. Gorbachev has been quoted "We need a Socialist democracy like the air we breathe". Polls have shown that Americans were far more concerned about the trade deficit with Japan than with a confrontation with Russia.

Russia's new policy has had a profound input in Europe. Hungary's Parliament has declared itself a "republic" while Poland and Czechoslovakia are also moving in that direction. Democracy was a common word in the Eastern European countries.

Mikhail Gorbachev has done more to ease world tensions in the past several years than anyone before him. Here's a salute to this historic Soviet leader in the hope of more democratic reform throughout the world.

-Bill Castrovince

The USA has many happy students. Hopefully Russian students will soon be happy.

Remember When...EHS

While many Euclid students are still making memories of their own, the senior class was more than happy to remember some of the gems from their past.

Jennifer Slattery and Audra Butkus remember when lunches were only \$1.00.

Patty Levstik remembers Mr. Gubitosi making everyone stand in the corner if they were late to homeroom.

Chris Clark, Rose Faraci, Jeff Kline, Sharon Billi, Jennifer Mason, Jennifer Welker and Sean Scott remember when we had 5 minutes between classes.

Audra Butkus remembers when everyone went to dances and when everyone went to Wendy's after the football games.

Missy Horvath recalls when the cafeteria caught on fire during a lunch period.

Caroline Holland remembers when Coach Sheck tore off his shirt at a pep rally against St. Joes.

Lee Ann Dohucki remembers when a kid fell asleep in Drivers Ed. and he started snoring so loud the whole class heard him.

Kim Faint remembers the times when Jennifer Masley didn't wear eye make-up.

Jennifer Marks remembers Nikki Taysom trying to kill a bee with her English book and ended up breaking a window.

Laurie Bock remembers when Euclid killed Ignatius 35 to 6.

Mike Toth remembers in Law Enforcement class, Kevin Corbett was changing his clothes in the back room behind a screen and the substitute accidentally opened the curtain when all he had on was his underwear.

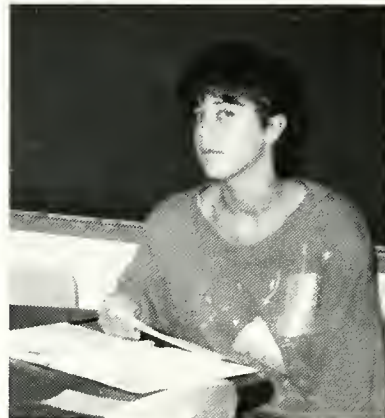

Marlene Hribar remembers right after a basketball game with North, when she got back to Euclid, and she kind of pulled the fire alarm and was suspended out for ten days.

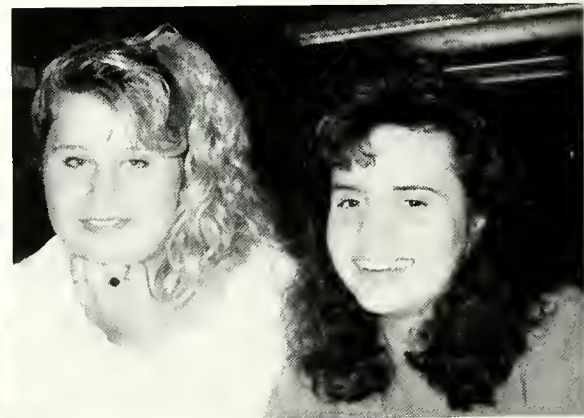

Shannon Kelly forgot her homework again.

Dave Cesna and Robert Erb remember when they caught a fish 'this big'.

Brandy Reichman in deep thought.

Chris Kucarc and Karen Gostomski reminiscing.

Bill Casatrovince and Jeff Syrone remember when lunches were a dollar.

Brendan Kelley remembers when his hair was short.

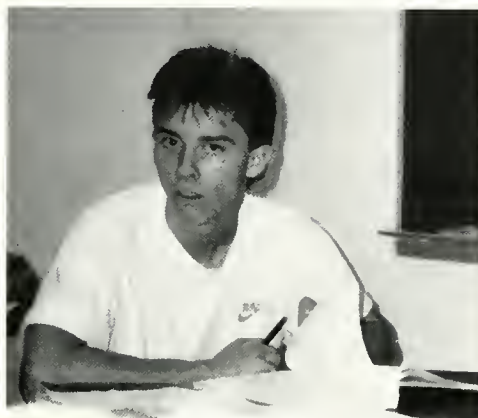

My Favorite...

Euclid seniors relate some of their favorite topics

Radios are everywhere. Students just can't seem to be able to do anything without having a radio or a tape player nearby. The most popular radio station indicated by the seniors was Power 108 FM. Other popular stations were; WZAK 93 FM, WNCX 98.5 FM and WMMS 100.7 FM.

Bridget Ramsay, Rose Faraci, and Karin Faletic can't wait for Sesame Street.

Greg Bachelor: "About my homework...Well, the dog was really hungry..."

Gunnard Doboze, the antithesis of cool.

Everybody has their favorite TV series according to each individual's tastes. Our senior's have numerous selections in this category. The most popular was *Cheers* followed closely by *Roseanne*, *Alf*, *Married with Children*, *21 Jump Street*, *LA Law* and *The Wonder Years*. Some other popular shows were *Night Court*, *Growing Pains* and *Full House*. Television was an important part in all American's lives.

-Lorena Orbanic

Homework was an important part in every student's life. That didn't mean that everyone always did their homework. Many times homework did not get done and the student's related some interesting excuses why it didn't get done.

Karin Faletic said that her parents wouldn't let her do it.

Nate Holloway said that he helped a friend with his the previous night.

Sharon Swyt said that her goldfish, Henry, ate it.

Cynthia Rivera said that she didn't have time since she works all day.

Tia Harden had to go out of town.

Lucy Bartulovic said she was absent the day it was assigned.

David de las Penas didn't understand.

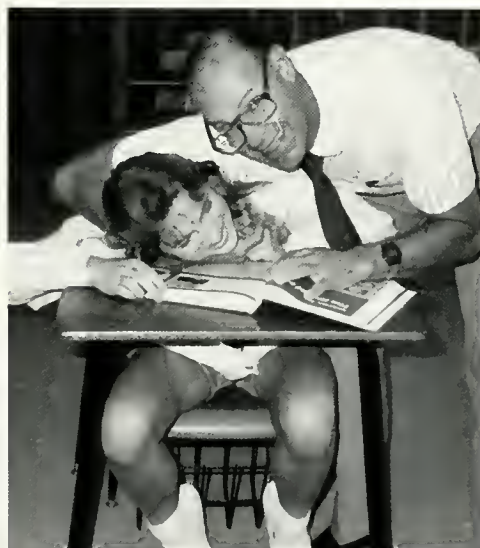

Brian Morris didn't want to do it. Ann Nicolosi fell asleep while doing it.

Meghan Neidel had to go to a meeting.

John Little said his mom ran over it with the van in the driveway.

Barb Steele, a closet WQAL listener?

Looks as if Mr. Serra doesn't believe Sharon Swyt's excuse.

Special Events

Since the deadline for the yearbook is at the end of February, anything occurring after that in the school year cannot be included in the current book. Here are some of the events which were not covered in last year's book. Spring sports which include baseball, softball, boy's tennis, and boy's and girl's track. Big Show, National Honor Society induction, donkey basketball, Wai Napolo Swim Show, 'Senior' Senior Prom, Senior Prom, and commencement.

Baseballers Have Super Season

Euclid's Varsity Baseball team compiled a season record of 22-7 and captured the G.C.C. with a 12-2 mark. In addition, Euclid hosted the Continental Amateur Baseball Association's High School World Series for the second consecutive year and traveled to Florida for Spring Break competition. The J.V. team also topped the G.C.C. with a 13-1 Conference record as the Freshmen posted a 7-5-1 season total.

Big Show's "Birdie" Flys

Euclid struts their version of "Bye Bye Birdie"

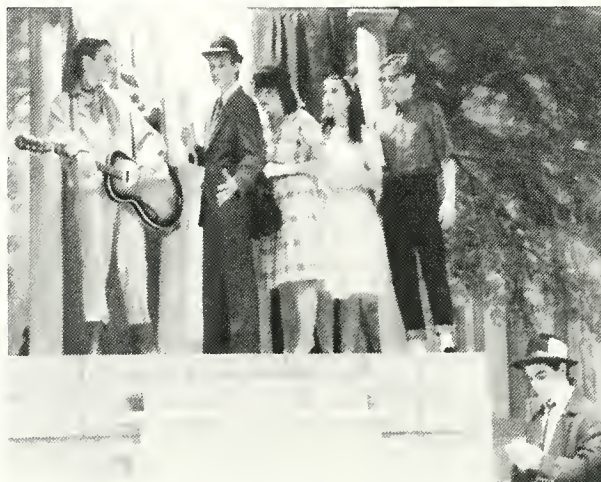

Jeff Syrone and Holly Pirsig "Put on a Happy Face".

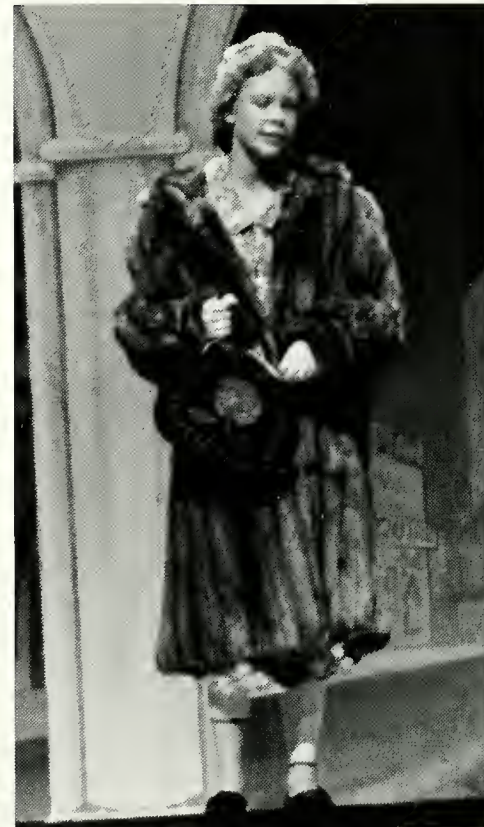

Conversion rules during "The Telephone Hour".

Hugo (Troy Berger) and Kim (Missy Long) in a lover's tiff.

Mayor Mark Wirbel tries to restore order as Dominic Rymarczyk, Christa Deister, Diane Baird, Bryant Carol and Bill Castrovine look on.

Mama (Debbie Long) laying on the guilt trip.

Sweet Apple's Conrad Birdie Groupies.

Conrad and the Teens "Have a Lot of Living To Do".

In complete contrast to last year's fairy tale Big Show, 1989 became the time to rock-n-roll with Conrad Birdie and the musical "Bye, Bye, Birdie". The cast was successful in zapping audiences back to 1959, when all girls in Sweet Apple, Ohio worshipped Conrad Birdie and his rebellious nature.

Paralleling Elvis Presley, Conrad was drafted for the army, and his desperate manager Albert Peterson, spurred on by persistent, loving Rose Alvarez, must stage a final publicity stunt so that Albert can return to his original career as "an English teacher". The stunt, a farewell kiss on the "Ed Sullivan Show" to a lucky fan - Kim MacAffee - turned the "simple life" in Sweet Apple to chaos, espe-

cially for Harry, Doris, and Randolph MacAffee (Kim's family) as well as Ursula Merkle and the teenage population!

Never mind that Kim was pinned to Hugo Peabody - Conrad Birdie must come first.

Directors Sandi Bambic, Robert Godfrey, Sally Parrino, Al Black, and Judith Carmody produced a hilarious rendition of the screaming, fainting teenage boppers, (disguised daily as high school and middle school students!) their conservative but - thank goodness! - helpful and loving parents, and all the crazy antics that surrounded that "healthy, normal American boy" - Conrad Birdie....."EEEEEEEEEE !! She said the name !!"

Big Show '89

Albert(Jeff Syrone) calmly explains his point to Rosie(Jennifer Waltermire).

Students enjoy donkey basketball and motown review

Let's look back to Spring '89. Do you remember the Motown Review, the 2nd annual Donkey Basketball game, and Wai Napolo's presentation of Water Reels? Well if you don't, you missed out on a lot!

The 1st annual Motown Review was a tribute to the greatest Motown hits and featured students in various dance routines. Donkey Basketball provided laughter and excitement for the audience as well as the players.

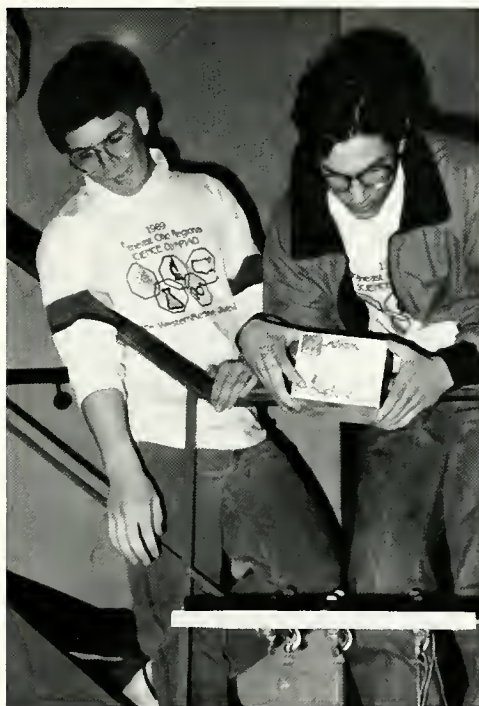

Meanwhile, the traditional Wai Napolo show was a huge success as always thanks to the dedication and hard work of the participants.

Going for the scientific gold

Senior awards '89

Pentathlon", "Water, Water Everywhere" "Get Your Bearings".. Strange sounding? Yes, but they were typical of those events which our Science Olympiad team faced on February 25, 1989. Coaches Rick Wherley and Chris Torrelli led the crew to an excellent outing against the twenty other teams at Case Western Reserve University, the site of the annual regional competition.

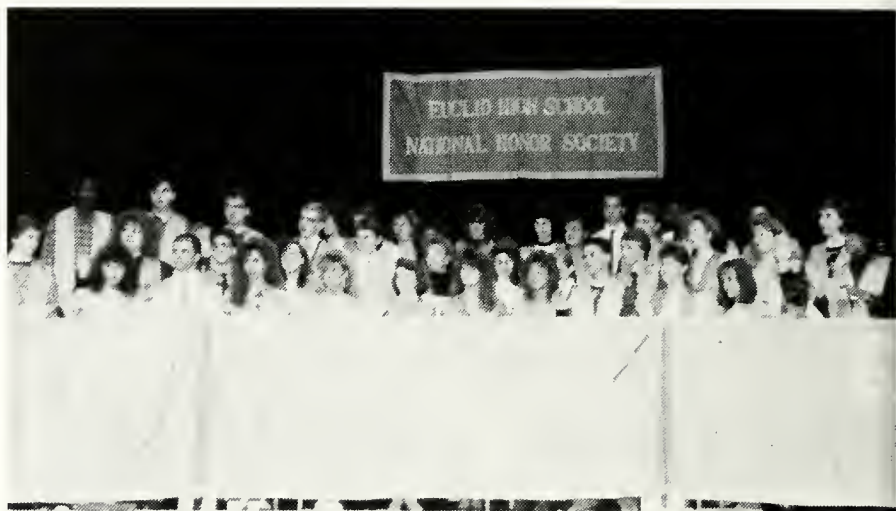

In its second year of play, the team placed medals in three events. Medal winners were: Bob Bell, Ken Lux, Heidi Martin, Bill Wichert and Janene Zakrajsek. Other members included: Brian Ashman, Joe Avcin, Dave Bauer, Joe Jankowski, Julie Fischer, Stacey Marron, Joe Solnosky and Milton Wyley. The purpose of the Science Olympiad tournament was to combine knowledge of science with creativity, sports and fun. Interest in participating was not as high as liked, probably because it requires extra time for preparation and the competition occurred on a Saturday. Mr. Wherley hopes that with more experience and enthusiasm the relatively new group will grow and succeed even more. If interested, see Mr. Wherley. You might even get to build the better mousetrap!!

Honor students inducted into NHS

Senior citizens enjoy 'senior' Senior Prom

National Honor Society is an organization that not only recognizes academic excellence in students but also community involvement. Many juniors and seniors were awarded the prestigious honor of membership. In May a ceremony was held to formally induct the members.

Also, in May of 1989, Student Council held its first annual 'Senior' Senior Prom. Over 300 Euclid senior citizens attended the festivities. Upon entering, they were greeted by members of Student Council who handed out flowers. There was music, dancing...an occasion to remember.

Prom allows students to get out on the town

Graduation puts students out on their own

Prom was an experience enjoyed by almost everyone. It was held at Landerhaven Country Club for the second consecutive year. It was really spectacular watching many of the students arrive in limousines. Upon entering pictures were taken in the lobby followed by dancing and the traditional meal. However, the fun did not end there. There was afterprom to attend and many watched the sun rise aboard the Goodtime II. The usual post-prom trip to Cedar Point had many participants.

Euclid High School's forty fourth commencement took place at the Front Row Theater at 7:30PM on Friday, June 9, 1989. Four hundred forty four seniors graduated at that time. It was a memorable ceremony at which the Varsity Chorale sang and the Orchestra played. Valedictorian, Heidi Martin and salutatorian, David Sargent spoke of life and times at Euclid High School.

Final Moments

Thank You

The staff of the Euclidian would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to our advisor, Mr. Von Benken for the many long hours of hard work and leadership that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: Ohio School Pictures for supplying film and processing for the many pictures that appear in the book and for taking many of the team pictures, senior and underclass pictures, Jostens Yearbook Company for putting it all together in such a artistic way, Jan Kehn for arranging photography dates and supplying needed materials, the writers and photographers who contributed their time, and last but not least the entire student body at Euclid High School without which this book could not exist.

Staff

Copy Staff: Bill Castrovince, Carla Matias, Cindy Jerele, Chris Clark, Sharon Swyt, Kevin Vance, Shannon Kelly, Emily Smayda, Lorena Orbanic, LeeAnn Dobucki, Mirta Maria, Jenny Leyendecker.

Contributors (1 or 2 stories): Liz Mazzei, Jonasis Smith, Cindy Orlic, Shelley Tobias, Jeanette Miller, Matt Dane, Charlie Yurcich, Wally Kuhen, Bob Schmeling.

Data Input: Carla Matias, Amy Garbincus, Rosa Faraci, Debbie Sarpolis, Lorena Orbanic, LeeAnn Dobucki, Sharon Barrett, Tom Hsu, Jeff Kaleal, Heidi Sacko.

Colophon

700 copies of the 1990 Euclidian were printed by the Jostens Printing and Publishing Division at State College, Pennsylvania. The book is printed on Gloss 191 paper stock and includes 40 pages of full color, 32 of which are the senior photographs. Paragraphs were indented with both sides justified. Dropped initials were used to begin each body copy and it was Benguiat Bold type. Body copy, scoreboxes and the index were set in Benguiat Bold type that was 10 point in size. Picture captions, photo credits and portrait names were set in Benguiat Bold type that was 8 point in size. Division headlines were set in Jefferson type that was 60 point in size. Main headlines were set in Durante type that was 36 point in size. Subheadlines were set in Durante type that was 24 point in size. The folio tabs were set in Lydian Bold that was 10 point in size. The cover was designed by art student Janene Zakrajsek. Pages were submitted to the plant in five deadlines, November 5, November 27, December 18, January 15 and the final deadline was February 19, 1990. All the color pages had to be in the first deadline. Since the final deadline was in February, nothing that occurred after that time could be included in the book.

Photography: Vernard Adams, Bill Castrovince, Shannon Kelly, Cindy Jerele, Chris Clark, Sharon Swyt, John Marincek, Denise Mishler, Judy Beder.

Layout: Bill Castrovince(Mr. Layout), Kevin Vance, Lorena Orbanic, LeeAnn Dobucki, Mirta Maria, Jenny Leyendecker, Judy Beder, Tom Gollinar, Chris Kucaric, Brendan Kelley, John Marincek, Sharon Swyt, Janene Zakrajsek.

Ad Sales: Bob Schmeling, Cindy Jerele, Chris Clark.

Regrets

As the 1989-90 school year draws to a close there are several things that the Euclidian staff would like to clarify.

First of all, fewer and fewer people are becoming involved in the activities at Euclid High School. The enrollment has been shrinking but student participation has fallen even faster. Because of this there are fewer people performing jobs that had to be done. There was less of a commitment by the staff to getting the jobs done. Just because there were fewer people in the school does not mean it is easier to put the yearbook together since many of the pages are enrollment independent. For example, fall sports got the same number of pages this year as they got many years ago, a club will get a page regardless of whether it had five members or fifty. One of the problems is that students don't have as much time to get involved in school since they are more involved with after school jobs.

Because of this, the Euclidian's staff was small. They tried to do their best but there is only so much that could be done. We sincerely apologize for any errors or omissions that occur but you have to understand that this is only a high school publication and mistakes happen. Many people will criticize this book and will make many suggestions as to how it could have been improved, the question is, "Where were you when the book was being prepared? Why didn't you offer to help? How many evenings were you here working?" If you don't like it this year then do something to make it better for next year. Everyone is welcome to help.
